Aquapure™ Bubble Breaker

DESCRIPTION

The Aquapure™ Bubble Breaker is a highly active organo-silicone emulsion designed for high end based performance where compatibility is a must. Quick Knockdown of foam, persistent foam control and release of entrained air are all characteristics of Aquapure™ Bubble Breaker. This specially formulated defoamer works well in evaporator systems.

FEATURES

- Easy to use
- Easy to monitor
- Quick and persistent knockdown of foam

TYPICAL APPLICATIONS

- Evaporators for foam control
- Good in Metal wash systems
- Dyes
- Where “no residue”, is needed for defoaming

PHYSICAL DATA

Appearance .......................................................... White opaque liquid
Sp. Gr. = .......................................................... 0.99
