Most Important Symptoms/Effects

Inhalation:

Breathing of vapor or mist is possible. Breathing this material may be harmful. Symptoms are not expected at air concentrations below the recommended exposure limits (see section 8). It is possible to breathe this material under certain conditions of handling and use (for example, during heating, spraying, or stirring). Causes respiratory tract irritation. Harmful if inhaled. Inhalation may cause central nervous system effects.

Eye:

Irritation of eyes and skin.

5 FIRE FIGHTING MEASURES

Suitable and Unsuitable extinguishing media:	Will not burn or support combustion. Use extinguishing media appropriate for surrounding fire, such as water spray, dry chemical, foam or carbon dioxide.
Specific hazards arising from the chemical:	Thermal decomposition may produce carbon monoxide, carbon dioxide, hydrogen halide and bromides. Do not weld or torch cut containers containing residual vapors, as vapors may be in the flammable range and an explosion could occur.
Special protective equipment and precautions for firefighter	Wear chemical resistant protective equipment and self contained breathing apparatus (SCBA).

6 ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, & Emergency Proc	Wear appropriate chemical protection equipment such as gloves, face-shield, goggles and suitable body protection to prevent contamination of skin, eyes and personal clothing.
---	--

Methods and Materials for containment & cleaning up:	Provide sufficient ventilation.
---	---------------------------------

If trained in accordance 29 CFR 1910.120, leaks should be stopped. Spills should be contained and cleaned immediately. Persons performing clean up work should wear adequate personal protective equipment and clothing. Spills and releases should be reported, if required, to the appropriate local, state and federal regulatory agencies.

7 HANDLING AND STORAGE

Precautions for safe handling:	Use in well ventilated area. Avoid breathing dust, fumes, gas, mist, vapors and sprays. Wear rubber gloves, goggles and chemical protective clothing. Eating, drinking and smoking in the work area is prohibited. Minimize the release of this product to the environment.
Conditions for safe storage, inc any incompatibilities:	Store in well ventilated place. Keep container tightly closed. Store locked up.
