

**Aquapure™ AN Clear**

**Product Code: 2601092**  
**Revised Date: March 20, 2015**

## **Aquapure™ AN Clear**

### **DESCRIPTION**

**Aquapure™ AN Clear** is a liquid anionic flocculent for wastewater treatment, designed for use in settling suspended precipitates. **Aquapure™ AN Clear** will cluster the precipitate into a manageable mass. **Aquapure™ AN Clear** works best as a post treatment for dosing with one of Hubbard-Hall's coagulants such as Aquapure™ TH, Aquapure™ RT Plus , Aquapure™ SC Plus and Aquapure™ I-300.

### **FEATURES AND BENEFITS**

- Ready to use – no time required for “make down”
- Lasts longer than a standard 0.1% day tank
- Versatile – will work on most metal bearing waste streams
- High Charge
- Easy to use – can be poured or metered out into batch or continuous treatments
- Dosage is 1/3 the normal dose of 0.1% polymer

### **TYPICAL APPLICATIONS**

- For use in plating shops, job or captive to mass precipitate
- Works well to remove solids in most metal finishing operations
- Black oxide shops, phosphating shops, anodizing shops

### **OPERATING PARAMETERS**

### House Calls for Industrial WasteWater

#### **Aquapure™ AN Clear**

**Product Code: 2601092**  
**Revised Date: March 20, 2015**

The amount of **Aquapure™ AN Clear** necessary varies with the amount and nature of the precipitate. As a rule of thumb, an addition of 5ppm of **Aquapure™ AN Clear** is tried initially. Depending upon effectiveness, increments of 0.1% increase or decrease may be called for. While the coagulation process is fast, the **Aquapure™ AN Clear** may require some stirring to go into solution.

#### **IMPORTANT**

Oxidizers in the waste stream, such as chlorine, peroxide, permanganate, persulfate, etc., will decrease the effective strength of precipitating reagents. Oxidizers should be eliminated from the wastewater via sodium sulfite, bisulfite, or other reducing agents. Remove cyanide and reduce cr+6, if present, from the waste stream before precipitation.

#### **DO NOT FREEZE**

#### **WARRANTY**

THE QUALITY OF THIS PRODUCT IS GUARANTEED ON SHIPMENT FROM OUR PLANT. IF THE USE RECOMMENDATIONS ARE FOLLOWED, DESIRED RESULTS WILL BE OBTAINED. SINCE THE USE OF OUR PRODUCTS IS BEYOND OUR CONTROL, NO GUARANTEE EXPRESSED OR IMPLIED IS MADE AS TO THE EFFECTS OF SUCH USE, OR THE RESULTS TO BE OBTAINED.
